I just tried a few more with the same result. Must be something on our end. I'll give the ReferenceDesk a holler if it continues. Thanks for your help Bill.

Hmm, I'm able to access both without error. If you've been sitting on one of the pages for a long time something might have timed out. Maybe close your browser and try again. If it persists, send your complaint, perhaps with a screen capture of the error, to SEMS ReferenceDesk (SEMS_ReferenceDesk@epa.gov).

Getting a colorful error message when I try to access Butte and CFAC webpage. May be the same for all. Big blue circle with message: An error occurred while executing the application.

Any insight?
